AIDE MEMOIRE
16 November 2021

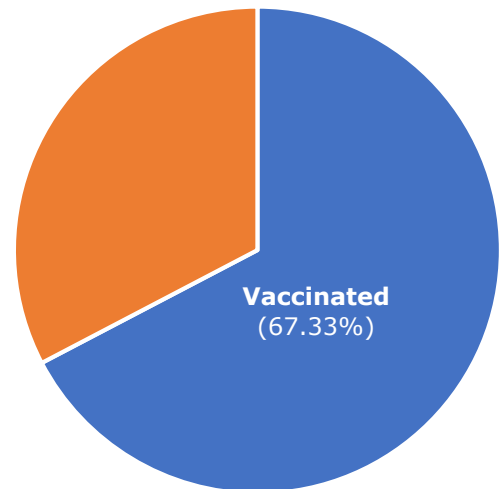

**STATUS OF VACCINATION IN DEPED (OCTOBER 2021) AND
MOST RECENT UPDATES**

The DepEd Task Force COVID-19 (DTFC), through its vaccination program representatives, provides the following updates on the status of vaccination in the Department.

A. Vaccination Data Submitted by Regional Focals¹

1. Vaccination Status of Personnel

- The data, covering **932,396** personnel from field offices and schools, are based on the submissions of Regional COVID-19 Response/Vaccination Focals to the Bureau of Learner Support Services-School Health Division (BLSS-SHD) as of **19 October 2021**.²
- As reported, majority (**67.33%**) of the eligible population or **627,778** field personnel are vaccinated either with the 1st dose or complete up to the 2nd dose.
- **318,205** or **34.14%** of the total number of personnel or an average of about 7 personnel per school³ have not been vaccinated, although more than two thirds of this number said they have already registered in their respective LGUs and were waiting for the schedule of their vaccination, at the time of reporting.

¹ The Bureau of Human Resource and Organizational Development-Employee Welfare Division (BHRD-EWD) is still updating its data on the vaccination of Central Office personnel. The latest data available from the August 2021 Aide Memoire on the Status of Vaccination in DepEd show that 85% of the eligible population (1,535 of 1,808) have already been vaccinated with either at least the first dose or up to the second dose. Only 273 (15%) have not been vaccinated, but almost half of them have at least already registered for their vaccination.

² Data submission dates vary across the regions, ranging from as early as 15 to 19 October 2021.

³ Regional submissions are from 44,452 schools as reported.

National Summary (as submitted up to 19 October 2021)

Vaccination Status		No. of Personnel		% ⁴	
Vaccinated	Incomplete/First dose only	158,504	627,778	17.00	67.33
	Complete/Up to second dose	469,274		50.33	
Unvaccinated	Registered	215,966	318,205	23.16	34.13
	Unregistered	102,239		10.97	
Unknown		3,432		0.37	
Total (Eligible Population: 932,396)				101.83⁵	

- Attached is the regional breakdown of submitted data (**Annex A**) for ready reference. Discrepancies in the percentage totals (more or less than 100%) have been noted in most regions and have affected the percentage total for the national summary. These are being validated and will be corrected in the vaccination status report for November.
- Taking the data as is, the percentage of vaccinated personnel has increased by more than 200% from only 20% in July to almost 70% in October.

- Among those who said they did not register for vaccination, the number of personnel were waiting for their preferred brand is higher than those who lacked trust in the COVID-19 vaccine.

⁴ % over total number of personnel

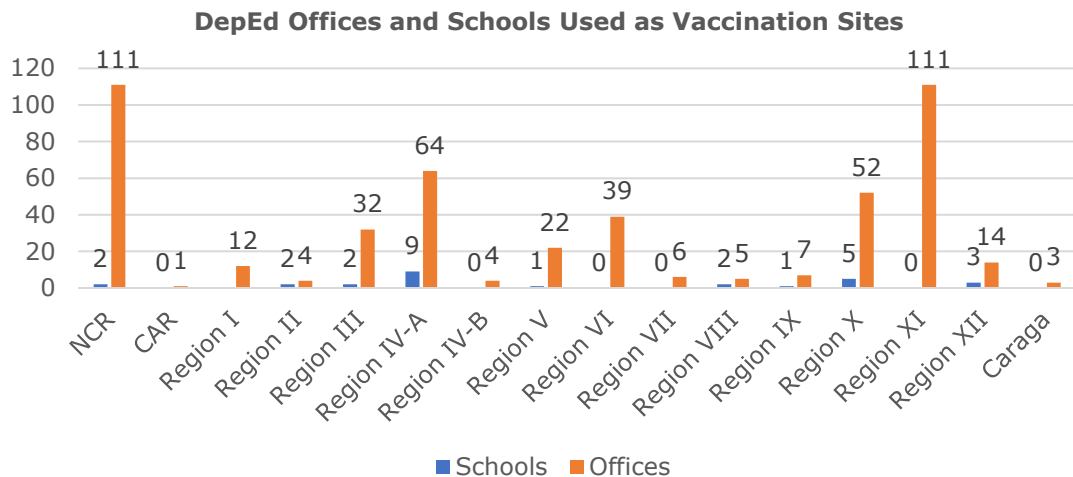

⁵ Total % is 101.83%. Regional submissions are currently being validated for discrepancies observed in reported data; (Possible reasons: the total eligible population has not been updated based on actual number of personnel who have reported their vaccination status; possible double-reporting [e.g., personnel reported as both having received first dose, and having received second dose])

Number of Personnel Who Reported Reasons for Not Registering

Disqualified by Attending Physician	Lack of Trust in the COVID-19 Vaccine	Waiting for Preferred Brand	Other Reasons	No Cited Reason
1,547	10,391	11,782	23,396	21,350

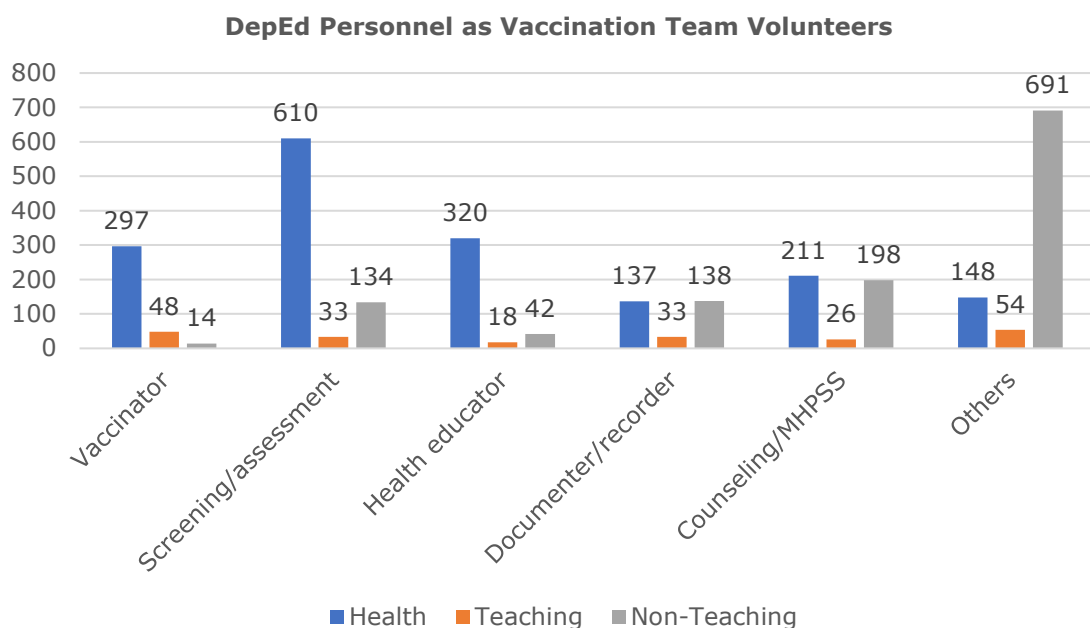

2. Schools Used as Vaccination Sites

As reported by the regional focals, **487 schools and 27 offices** have been used as vaccination sites.

3. School Personnel Who Have Volunteered as Vaccination Team Members

As reported by the regional focals, a total of **3,152 DepEd personnel** have volunteered as members of their local vaccination teams.

The summary of the data submitted by the regional focals may be accessed at <https://bit.ly/octoberdatasummary> (Summary of Regional Data).

B. Data from the Self-Reporting for COVID-19 Vaccination Tracker⁶

The following is a national summary of the data collected through the tracker, as accessed on 16 November 2021:

Category	Number of Personnel	Breakdown	
Unvaccinated	99,014	Unregistered	67,848
		Awaiting schedule	31,166
Vaccinated	363,274	First dose	213,314
		Second dose	149,960
Total Number of Respondents	313,985	Teaching personnel	289,720
		Non-teaching	24,265

Kindly refer to the following breakdown of vaccinees per vaccine brand that they received:

Vaccine Received	Number of Personnel
Sinovac CoronaVac	113,099
Janssen	42,869
Oxford AstraZeneca	30,422
Pfizer-BioNTech	21,105
Moderna	6,565
Gamaleya Sputnik V	2,892
Sinopharm	530

The regional breakdown and latest data may be accessed at <https://mobile.app.deped.gov.ph/reports/dashboard>. DTFC continues to enjoin all to use and promote the tracker.

C. Updates and Ways Forward

1. On 01 October 2021, BLSS-SHD met with the regional focals to discuss issues, concerns, and ways forward in the regular reporting of vaccination data.

Discussing the provisions of DTFC Memorandum No. 513 (*Regular Reporting of Vaccination Data by Regional Focals*) co-signed by the DTFC and the Office of the Undersecretary for Field Operations (OUFO), the reporting template was further enhanced to ensure that the data requirements of regions are also reflected in the template. The template which emanated from the said meeting has been used by the regional focals for their data reporting for October.

⁶ The Office of the Undersecretary for Administration (OUA) through the Information and Communications Technology Service (ICTS), issued OUA Memorandum No. 00-721-0093 (*Mass Dissemination on Self-Reporting for COVID-19 Vaccination Tracker*) to officially disseminate the vaccination tracker, accessible through the DepEd Mobile App, and enjoin personnel nationwide to use the tracker in reporting their vaccination status.

The changes to the template will be made official through a separate issuance, which is also likely to provide guidance on the inclusion of data on the vaccination of learners, where already applicable.

2. In support of Memorandum No. DM-OURO-21-0327 issued by the OUFO in September, which requested the field for the breakdown of vaccination data, particularly from the 638 schools participating in the pilot implementation of face-to-face classes, the DTFC and OUFO co-issued **DTFC Memorandum No. 533** (*Master Listing for COVID-19 Vaccination of School Personnel who will Pilot Face-to-Face Classes*) which provided the template for the master listing of participating personnel, as vetted by the National COVID-19 Vaccination Operations Center (NVOC).

The said Memorandum was drafted in close coordination with the national Composite Team leading the preparations for the pilot implementation.

The DTFC issued **DTFC Memorandum No. 539** (*Endorsement of the Initial Set of Master Lists Received by the DTFC from Regional Focals for the Pilot Implementation of Face-to-Face Classes*) (**Annex B**) which officially endorsed the master lists received by BLSS-SHD to the Composite Team.

Enumerating the reasons cited by the personnel as to why they were not willing to be vaccinated, the DTFC through the said Memorandum has enjoined the school heads and school health personnel concerned to provide necessary explanation to teachers and address any possible hesitation to be vaccinated.

Attached is the latest summary of the vaccination status of personnel in the pilot schools (**Annex C**).

3. As a result of the DTFC's ongoing coordination with the NVOC, the Department of Health (DOH) issued a memorandum to its regional offices (Centers for Health Development) requesting the inoculation of unvaccinated personnel in schools participating in the pilot implementation of face-to-face classes (**Annex D**).

The DTFC takes note of the ongoing coordination by the Composite Team with the DOH and DILG to further strengthen vaccination in all schools, and will support as needed.

The DTFC strongly recommends the alignment of such coordination with the previous efforts of NVOC, in coordination with the DTFC, as regularly reported in the previous aide memoires.

4. The DTFC also reports that Moderna vaccines have been donated by the Office of Deputy Speaker Loren Legarda to DepEd, through the Office of the Undersecretary for Finance (OUA), for possible inoculation to DepEd personnel and family members based in NCR. The turnover ceremonies were

held last 12 November 2021 at the Central Office. The matter has been coordinated with concerned offices including the BHROD, and the Regional Office of DepEd NCR.

5. DepEd is expected to continue to actively support the government's COVID-19 vaccination program, especially through participation in the following:
 - a. **Pediatric vaccination** (vaccination of 12-17-year-olds) – field offices have already been participating in this initiative, maximizing existing arrangements with their respective LGUs, as guided by issuances on vaccination; at the national level, the DOH has reached out to DepEd through the Public Affairs Service (PAS) in intensifying demand generation activities
 - b. Upcoming **National Vaccination Days** set on 30 November–1 December 2021 – DepEd is part of the operations and the demand generation committees represented by BLSS/BLSS-SHD and PAS, respectively; for operations, DepEd is expected to support in allowing the use of schools as vaccination sites, and in enjoining health personnel in volunteering as members of vaccination teams

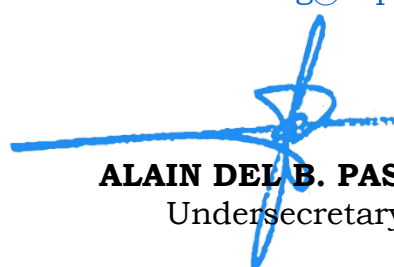

The details of DepEd's participation in the said activities will be discussed in separate DTFC issuances. Existing policies as issued will be reiterated or strengthened as needed to ensure DepEd's active participation in the said activities.

6. On 11 November 2021, the IATF issued Resolution No. 148-B, s. 2021, which provides that “in areas where there are sufficient supplies of COVID-19 vaccines as determined by the NVOC, **all establishments and employers in the public and private sector shall require their eligible employees who are tasked to do on-site work to be vaccinated against COVID-19.** Eligible employees who remain to be unvaccinated may not be terminated solely by reason thereof. However, they shall be required to undergo RT-PCR tests regularly at their own expense for purposes of on-site work. Provided that, antigen tests may be resorted to when RT-PCR capacity is insufficient or not immediately available.”

The said resolution shall take effect on 01 December 2021 after publication in a newspaper of general circulation and/or the Official Gazette. A separate DTFC memorandum will be issued on this matter.

For queries regarding this concern, please contact the DTFC Secretariat, BLSS-SHD, through (02) 8632 9935 or email at medical.nursing@deped.gov.ph .

For information and guidance.

DepEd Task Force COVID-19
MEMORANDUM No. 539
21 October 2021

For: **Atty. Nepomuceno A. Malaluan**
Undersecretary and Chief of Staff
Office of the Secretary

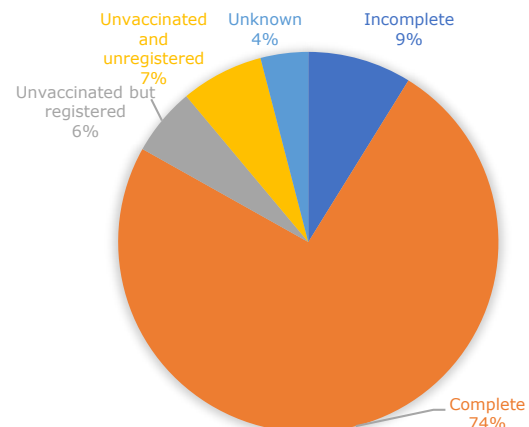

Atty. Revsee A. Escobedo
Undersecretary
Field Operations, Employee Welfare, Personnel and DEACO

Regional Directors

Subject: **ENDORSEMENT OF THE INITIAL SET OF MASTER LISTS RECEIVED BY THE DTFC FROM REGIONAL FOCALS FOR THE PILOT IMPLEMENTATION OF FACE-TO-FACE CLASSES**

The DepEd Task Force COVID-19 (DTFC) provides the Composite Team in-charge of the pilot implementation of SY2021-2022 face-to-face classes the following summary on the vaccination status of personnel in the pilot schools (**Annex A**). This covers **357** of **638** schools, as submitted by the Regional Focals¹ as of 21 October 2021, 05:00 p.m.

1. Majority (83%) of personnel in the schools that have submitted their master lists have indicated that they already received at least the first dose of the two-dose COVID-19 vaccine. **13% or an average of three (3) personnel per school have not been vaccinated**, while 4% have no indicated or clear status.

¹ Based on the submissions received by the Bureau of Learner Support Services (BLSS)-Office of the Director and/or the BLSS-School Health Division (BLSS-SHD).

Office of the Undersecretary for Administration (OUA)

[Administrative Service (AS), Information and Communications Technology Service (ICTS), Disaster Risk Reduction and Management Service (DRMMS), Bureau of Learner Support Services (BLSS), Baguio Teachers Camp (BTC), Central Security & Safety Office (CSSO)]

Rm 519, Mabini Bldg.; Mobile: +639260320762; Tel: (+632) 86337203, (+632) 86376207
Email: usec.admin@deped.gov.ph; Facebook/Twitter @depedtayo

Scan this QR Code to view
Videos and Magazines
of Major Programs

2. Out of the remaining personnel who have not been vaccinated (1,200), almost half (45%) indicated that they already registered for COVID-19 vaccination.
3. Only 7% of all the personnel or an **average of two (2) per school** are unvaccinated and have not registered.

Summary of Vaccination Status

Vaccination Status	Number of Personnel	%
Incomplete/vaccinated with first of two doses only	827	8.83
Complete/vaccinated up to second dose of two-dose vaccines	6,956	74.30
Unvaccinated but already registered and awaiting schedule	541	5.78
Unvaccinated and not yet registered	659	7.04
Unknown/unclear/no reported status in the submitted report	379	4.05
Total	9,362	100.00%

4. Among the unvaccinated and those whose vaccination status is not (clearly) indicated in the master lists, **824** expressed that they are willing to be vaccinated, while **506** indicated that they are not willing to be vaccinated.
5. The DTFC takes note of the following reasons cited by the personnel who expressed that they were unwilling to be vaccinated:

Reason for Refusing to be Vaccinated	Number of Personnel
No reason cited	185
Generic health reasons/conditions	115
Other reasons (e.g., personal reasons, lack of trust in the vaccine)	102
Fear of adverse effects	87
Pregnant	54
Allergies	53
Ongoing medication	19
Religious beliefs	13

The DTFC enjoins their respective school heads and assigned school health personnel to provide necessary explanation to the teachers concerned and address any possible hesitation to be vaccinated. While they cannot be compelled to be vaccinated, it must be made clear to them that vaccination has been identified as a measure to ensure the safe conduct of face-to-face classes.

Based on ongoing discussions, the DTFC supports that not being vaccinated may be a basis to not qualify to participate in the face-to-face classes.

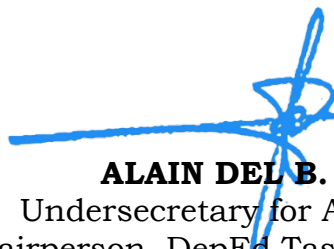

6. The complete summary of the vaccination status as consolidated by the BLSS-OD and BLSS-SHD can be accessed at <https://bit.ly/f2flinelistsummary> . The summary presented in this Memorandum is consolidated as of 21 October 2021. The complete summary will be updated as new data come in.

The DTFC, through the BLSS-OD and the BLSS-SHD, is validating some of the inputs provided in the master lists submitted. Similarly, the said offices acknowledge the feedback of some Regional Focals that they submitted data that may not have been captured on the summary. This is being validated as well and will be corrected or updated through future related issuances.

7. To ensure the privacy of information shared in the master lists, only DepEd and NVOC personnel authorized by the Composite Team will be provided access to the actual lists. The Composite Team is requested to provide the names and email addresses of the said personnel through email at blss.od@deped.gov.ph (cc: medical.nursing@deped.gov.ph).
8. The DTFC further reminds all concerned, especially those who collected and those authorized to access the information collected, to ensure compliance with the data privacy policy of the Department. Regional and division vaccination focals, school heads, and all others involved in data collection are reminded to ensure that the personnel concerned have been properly informed about the purpose and scope of data collection, including the submission of master lists to the NVOC.
9. Those who have not submitted their respective master lists are reminded to submit them as soon as possible through email at blss.od@deped.gov.ph (cc: medical.nursing@deped.gov.ph). The DTFC will issue another Memorandum with a more updated summary of the vaccination status as may be required by the Composite Team or the NVOC.

For queries regarding this matter, please contact the DTFC Secretariat, BLSS-SHD, through (02) 8632 9935 or email at medical.nursing@deped.gov.ph .

For information and guidance.

Annex C – Status of Vaccination in Pilot Schools⁷

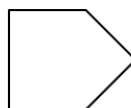

Schools	Total No. of Personnel	Vaccination Status				
		Incomplete	Complete	Unvaccinated but Registered	Unvaccinated and Unregistered	Unknown
100 schools*	1401	180	964	100	90	67
	100.00%	81.66%		7.14%	6.42%	4.78%

Willing	139
Not willing	69 (4.93%)**
Unknown	23

Average of more than 1 person (1.39) per participating school who has not been vaccinated but said they were willing to be vaccinated

Note: Some of those who have “unknown” vaccination status have indicated whether they were willing or not willing to be vaccinated; while there may be unvaccinated personnel whose decision was unknown; as a result the total number of the willing, unwilling, and who did not indicate whether they were willing/unwilling to be vaccinated is not equal to the total number of personnel who were unvaccinated/whose status were unknown

Top reasons for refusing vaccination

		% over total personnel
Generic health reasons/conditions	21	1.50%
No cited reason	14	1.00%
Pregnancy	13	0.93%
Allergies	13	0.93%
Others	12	0.86%
Fear of adverse effects	9	0.64%
Ongoing medication/vaccination	5	0.36%
Religious beliefs	4	0.29%

*Based on the list of schools secured from the OUFO as of **05 November 2021**; BLSS-SHD is double-checking/validating the submission of some schools with what seem to be underreported numbers of personnel (e.g., those that reported they only had 2-3 personnel)

**% over total personnel

⁷ Data collected up to 28 October 2021 (some personnel may have been vaccinated after the collection of data)

Republic of the Philippines
Department of Health
OFFICE OF THE SECRETARY

8 November 2021

MEMORANDUM

FOR: DIRECTORS OF ALL CENTERS FOR HEALTH DEVELOPMENT AND THE MINISTER OF HEALTH OF BANGSAMORO AUTONOMOUS REGION OF MUSLIM MINDANAO

FROM: MYRNA C. CABOTAJE, MD, MPH, CESO III
Undersecretary of Health
Field Implementation and Coordination Team – NCRL
Chair, National COVID-19 Vaccination Operations Center

SUBJECT: Request to Inoculate Unvaccinated Individuals in Schools that will Conduct Pilot Face-to-Face Implementation of Classes

This is in reference to the incoming conduct of pilot face-to-face implementation of classes by the Department of Education (DepEd) on November 15, 2021. In this regard, the National Vaccination Operations Center (NVOC) would like to request the inoculation of unvaccinated teaching and non-teaching personnel of the schools listed to conduct the pilot face-to-face classes. You may refer to this link for the list: <https://tinyurl.com/Face2FaceImplementation>.

For concerns/ questions, you may send us an email through c19vaccineopcen@gmail.com or you may contact Dr. Kezia Lorraine Rosario at 09177792735.

Thank you.
